

# MOZAMBIQUE FOR THE KINGDOM

TANNEKEN FROS

APRIL 2026

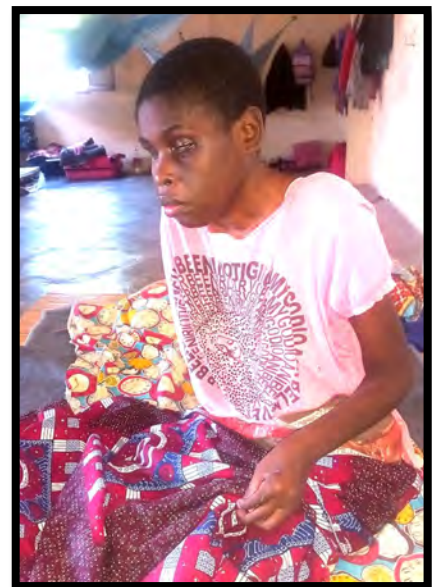

## *Dear Family and Friends,*

I greet you with Shalom. As I reflect over 35 years of missions abroad, I thank you for your faithful prayers and financial support. Your support has helped us care for orphans and in the discipling of believers and the planting of over 200 Mountain of Praise churches. In this newsletter, I am sharing the life of some of the many orphans that have been rescued because of AIDS, tuberculosis, and abandonment. You will read testimonies of some of the orphans that you have prayerfully and faithfully supported over the many years. You can even see in the pictures the improvement from when they came to now and the great work God has done in them. On behalf of Pastor Rego and his wife Cecelia, I am thankful that I can continue to partner with them and Harvest Community Church.

**Laurinda is 12 years old and is from Dondo. She arrived at ACPO on March 10, 2025, brought by Social Services, in coordination with the police, due to**

**mistreatment. At the time of her arrival, her entire body was covered in wounds resulting from the physical aggression she suffered at the hands of her own father and stepmother. However, she is now doing well and has shown herself to be cheerful, intelligent, and friendly. This year she is in the 3rd grade.**

**This photo shows our sister Joana, who I found at a blind school and we invited her to come live at the orphanage because she was an orphan. She is still blind and ill, but we are continuing to care for her.**

**With prayers and help from many who have donated financially, we are able to cover her hospital expenses, for which we are very grateful. May God bless you abundantly.**

**Sadly, only 9 days after the above writing, Joana died. The funeral took place on Saturday, March 21. The Board of Directors of the Beira Institute for the Visually Impaired, Joana's colleagues, the community, and the church were present at the funeral. We give thanks to Almighty God for everything.**

**We thank everyone who helped in Joana's daily life, even during times when her health was not good. May the Lord always bless you.**

**Telma is 10 years old. Her exact origin is unknown, but according to the police, a woman found her on a public road in Mafambisse, and took her to the police, who then referred her to the Dondo Social Action Center, from where she was subsequently**

**transferred to ACPO on March 13, 2025. She has mental health issues, and because of this and possibly several other factors, she did not speak when she arrived. However, although she still has speech difficulties, she knows her name and can say it and call out the names of certain people who care for her. When she arrived, her body had many wounds due to lack of treatment for her health condition (HIV), but now those wounds are gone.**

*The children are saying a happy thank you for the school bags and school supplies donated through TCF Mercy along with Harvest Community Church.*

*Christmas and New Year's feasts. The mission thanks you all for the special offering from Harvest Community Church for the children to celebrate Christmas and New Year's. The children are immensely grateful, "May God continue to bless everyone who helps us directly and indirectly so that we can have everything we have."*
