

# MOZAMBIQUE FOR THE KINGDOM

TANNEKEN FROS

MARCH 2025

Dear Family and Friends, I am writing this newsletter with two of my very special friends, Rosanne and Sophia Clark, who I've known for years and who also have a heart for orphans. Greetings of shalom to you all. You may be aware of the political unrest that is still present in Mozambique; we thank the Lord that the orphans living at Association of Christians for the Protection of Orphans (ACPO) are safe and have been able to go to school. I thank the Lord for encouraging phone calls with Pastor Rego and Cecilia, directors of the ACPO orphanage, and José, the accountant who really stands by and works with the Regos in a very good and trusted way.

In this newsletter I would like to focus on various aspects of the orphan care ministry and the continued expansion of Mountain of Praise Church (MOP). Right now the national leadership team is gathered in Dondo, the center of the mission to orphans and the church. They are making plans to hold a conference in April, focusing on further discipleship of pastors within the over 200 churches that are in Mozambique, 33 churches in Malawi and around 17 churches in Zimbabwe. Please pray for Pastor Rego and the national leadership team as they teach in this discipleship program.

## *Transformed Lives at ACPO*

On behalf of Pastor Rego and his wife Cecilia, who are directors of ACPO, I extend a heartfelt thank you to all of you faithful donors, including Harvest Community Church, who are in partnership with MOP for the faithful support of prayer and finances which enables them to continue to care for the orphans and abandoned children that are brought to them, mainly by the police or social services.

In the following section I will show how lives have been transformed during these 23 plus years of caring for orphans and widows, even though we've gone through many hardships and struggles. In it all we give thanks to God for his faithfulness throughout these many years and you will see His faithfulness in these testimonies.

I cannot be in Mozambique physically but for all these years I have continued to be in touch with Lorenzo and many other orphans. Here is a story of a changed life from Lorenzo. To God be the glory!

*Hello dear Mama Tanneken. I was born in 1994 and my father lost his life in 2000 when I was 6 years old. From that moment I started living with my mother and two of my brothers (Janota and Zubeida) and after a while my mother lost her life in 2005. I started living with my grandfather and my uncles. When my grandfather was sick in 2006 he thought about leaving us at the Orphanage, so I joined ACPO on January 15, 2006. I remember very happily about this date because after 3 days living in the orphanage I turned 12 years old and that's where I had the opportunity to meet other brothers in Christ. Monte de Louvor is the first Protestant church I attended because before I attended the Catholic church.... And now, thank God, I've had my first training as a senior laboratory technician and I trained as a police officer, so at the moment I work at the police hospital here in Beira helping to discover certain diseases when others are sick. In the church I still continue to be a youth leader and play the piano and I am the provincial youth secretary and that is how life is going. Lorenzo*
